**DISCLAIMER:** This guide is intended to be only a summary of the benefits available to you and does not include all plan rules, notices and details and is not to be considered a certificate of coverage or a summary plan description. While every effort was taken to accurately report your benefits, discrepancies and omissions are always possible. If there is a discrepancy, the plan documents or summaries will always govern. Please refer to your summary plan descriptions, plan brochures and supporting literature for complete plan details and more detailed explanations as to coverages, limitations and exclusions. Sibanye-Stillwater reserves the right to change, amend or terminate any benefit plan, with or without notice.

**ANNUAL NOTICES:** ERISA and various other state and federal laws require that employers provide disclosure and annual notices to their plan participants. [Click here](#) to view the annual notices.

**MEDICARE PART D:** If you (or your family members) have Medicare or will become eligible for Medicare in the next 12 months, Federal law gives you more choices about your prescription drug coverage. [Click here](#) to view the full annual notice.

# ELIGIBILITY & ENROLLMENT

## Who is Eligible?

Active full-time employees regularly scheduled to work 30 or more hours per week are eligible for benefits. You may also enroll your eligible family members for coverage under the same plans you choose for yourself. Eligible family members include:

- Your spouse
- Your natural children, stepchildren, adopted children or other child for whom a court holds you responsible, under age 26 (regardless of student or marital status)
- Children age 26 and older who are physically or mentally incapable of self-support may continue on your health coverage if the disability continues. The child must already be covered under the plan and must meet certain criteria

**NOTE: You CANNOT have duplicate coverage under the Sibanye-Stillwater Health plans.**

- If you and your spouse are both Sibanye-Stillwater employees, and you enroll in the health plan, you cannot also be covered as a dependent of your spouse.
- Children who have both parents working at Sibanye-Stillwater cannot have duplicate coverage under both parents.
- Married children who have both a parent and a spouse working at Sibanye-Stillwater cannot have duplicate coverage under both the parent and spouse.

## When Am I Eligible?

Eligibility for benefits differs between coverages, as follows:

- **Medical, Dental, Vision, Flexible Spending Accounts (FSAs), Enhanced Mental Health Benefit and 24/7 Nurseline:** First day of the month following your date of full-time employment or qualifying change in status (see [page 5](#) for details)
- **Basic Life Insurance, Basic AD&D Insurance and Voluntary AD&D Insurance:** Date of full-time employment or qualifying change in status
- **Voluntary Life Insurance:** Date of full-time employment or qualifying change in status. Coverage elections in excess of the Guaranteed Issue amount become effective upon approval from the insurance carrier (see [page 28](#) for details)
- **Short-Term Disability and Long-Term Disability:** The day you complete one year of continuous full-time active employment
- **Retirement - 401(k):** 45 days after the first of the month following date of hire. To contribute from your bonus wages, you'll need to make a separate "Bonus" election

## How Do I Enroll?

You must complete the necessary enrollment forms and return them to Human Resources within **31 days** following your date of hire or a qualifying change in status event.

If you fail to enroll on time, you will be enrolled in only the Sibanye-Stillwater-paid benefits and will have to wait until the next annual Open Enrollment period to enroll, unless you experience a qualifying change in status event (see [page 5](#) for details).

# MAKING ELECTION CHANGES

For a Healthy Life!

## Open Enrollment

**Annual Open Enrollment, usually held in November each year, is typically the only time of the year when you may enroll or change current benefit elections for coverage effective January 1.** You will be notified annually when the next Open Enrollment period will take place and we will also communicate to you any changes to the benefit plans.

## Qualifying Change in Status

Benefit election changes outside of an annual Open Enrollment period may only be made if you experience a qualifying change in status event. Following are examples:

- You get married, divorced or legally separated
- You have a baby or adopt
- Your child reaches the maximum age limit
- Your enrolled family member passes away
- You move from full-time to part-time, or vice versa
- You lose coverage under your spouse's or a parent's plan
- You are served with a judgment, decree or court order (including a qualified medical child support order) regarding benefits coverage for a child
- You move into, or out of, the EPO medical plan service area

**Election changes must be submitted to HR within 31 days of the qualifying change in status event date.**

## How to Report a Qualifying Change in Status

If you experience a qualifying change in status event and wish to make election changes, you **MUST** submit an Enrollment/Change Form to Human Resources within **31 days** of the qualifying event date (including newborns).

Be prepared to provide documentation to support the change in status (e.g., marriage license, birth certificate, divorce decree). If changes are not submitted within the 31 days, you will not be allowed to make changes until the next annual Open Enrollment period, unless you experience another qualifying change in status event.

Changes become effective on the first day of the month beginning after the date the completed request for enrollment is received, except when the change is due to the birth or adoption of a child. In these cases, coverage becomes effective on the date of the event.

All enrollment changes requested must be consistent with the qualifying change in status event experienced.

# BENEFIT COSTS

Sibanye-Stillwater pays the majority of your medical, dental and vision costs. You pay your share of the costs each pay period through convenient pre-tax payroll deductions. Pre-tax means that the income you use to pay for these benefits is not taxed, putting dollars back into your pocket.

# HEALTH CARE CONSUMER TIPS

## Sibanye-Stillwater's health care plans are self-funded.

Self-funded means that Sibanye-Stillwater pays the actual cost of your health care claims, not an insurance company. Your paycheck contributions help to offset those costs. Our insurance carriers are simply contracted as third party providers to administer the plans.

The expense of health care claims drives the cost of health care. When you take an active role in your health care and stay healthy, this helps manage benefit costs. Only when we are all responsible health consumers and active partners in utilizing our benefits properly can we be successful in maintaining a quality benefits program at an affordable cost.

## You can make a difference!

### Stay Healthy

The biggest way to save on health care costs is to be healthy. Work with your doctor to learn ways to stay healthy through exercising, eating a balanced diet, modifying your lifestyle, quitting smoking and other preventive measures. When you are healthier, you end up spending less for doctors, hospitals and prescription medications, and you will feel better and have more money to spend on other things you enjoy.

### Get Your Annual Screenings

They're covered at **NO COST** when you use in-network providers and can help identify any potential health problems early on.

### Use In-Network Providers

- **EPO Plans:** Out-of-network care is NOT covered unless it's an emergency.
- **PPO Plan:** Your out-of-pocket costs will be higher when you go out-of-network.

### Use Medical Plan Programs

Our medical plans include programs that are available at **NO COST** and assist health plan members who have complicated or chronic health issues, helping you to improve your health outcome, reduce your health care costs and address your individual medical needs. These services also help members understand their conditions and how to navigate the complex health care and treatment services available. See [page 14-15](#) for more information.

### Use the Telehealth Program

For **NO COST**, medical plan members can see a board-certified practitioner 24/7/365, using a tablet, smartphone or computer. Behavioral health visits are also available. See [page 13](#) for more information.

### Use the Mental Health Benefit

The Enhanced Mental Health Benefit through Lyra provides **NO COST** support for all your mental health needs, big or small. Telehealth visits are also available. See [page 19](#) for more information.

### Consider an Urgent Care Center

If you have a non-emergency situation that requires immediate care, consider an urgent care center rather than a hospital emergency room, when possible. The costs for services received in an urgent care facility will be lower than a hospital emergency room, and the waiting time for treatment is typically shorter.

- **Urgent Care:** basic illness/injury, stitches/sutures, fever.
- **Emergency Room:** any life threatening condition, chest pain, shortness of breath, serious bodily injury, severe abdominal pain, loss of consciousness.

### Know Your Health Coverage

Use all of the resources available to you to learn everything you can about your health plans — from costs to prescriptions, and everything in between.

# MEDICAL PLANS

For a Healthy Life!

Sibanye-Stillwater offers three medical plan options administered through Allegiance Benefit Plan Management: ■ EPO (Billings Clinic) ■ EPO (St. Vincent Healthcare) ■ PPO

## EPO Plans

If you reside within the [13-County Sibanye-Stillwater Health Partners Service Area](#), you are eligible to enroll in either the Billings Clinic EPO Plan or St. Vincent Healthcare EPO Plan. These plans offer care management teams of primary care and specialist physicians and facilities, integrated by practice and technology, to provide you with coordinated care. Out-of-network care is covered only in the case of an emergency.

**Participation in the EPO requires you to select a Primary Care Physician (PCP) for yourself and each enrolled family member.** PCPs can include board certified MDs and DOs who are: Internal Medicine Physicians, Family Practice Physicians, General Practitioners, Pediatricians, OB-GYNs, Nurse Practitioners, Midwives and Physician Assistants. If you have both a Primary Care Physician and an OB-GYN, you can select both, and both are eligible for the \$25 office visit copay benefits. To select your PCP, call Allegiance at **(855) 999-1521**, or visit [askallegiance.com/smc](#) and use the directions under "How to Locate EPO Providers" on the right-hand side of this page. If you want to change PCPs for yourself or any member of your family, you must complete a new [PCP Enrollment/Change Form](#).

# MEDICAL PLANS (CONTINUED)

## PPO Plan

The PPO plan gives you the freedom to use the provider of your choice, with greater cost savings in-network.

**In-Network:** Allegiance Direct Network in Montana or the Cigna OAP (Open Access Plus) Network outside of Montana.

**Out-of-Network:** The plan also provides benefits if you see a non-participating provider. When using an out-of-network provider, your out-of-pocket expenses will be higher, you will have to pay the provider in full at the time you receive care and you will have to file a claim for reimbursement. Please also keep in mind that Allegiance Benefit Administrators pays out-of-network claims based on a maximum eligible expense. If a non-participating provider charges more than the maximum eligible expense, you will be responsible for the difference.

**Here's an example:** Suppose you have a chest X-ray (single view) performed by an out-of-network provider. The doctor charged \$60.00 for this procedure and the plan's maximum eligible expense for this service is \$38.22. Here's what your total out-of-pocket costs would look like, **after your deductible has been met:**

Example:	In-Network (plan pays 80%)	Out-of-Network (plan pays 60%)
Provider's Charge	\$38.22	\$60.00
Maximum Eligible Expense	\$38.22	\$38.22
Plan Pays	$\$38.22 \times 80\% = \$30.58$	$\$38.22 \times 60\% = \$22.93$
You Pay	$\$38.22 \times 20\% = \$7.64$	$\$38.22 \times 40\% = \$15.29$
Additional Balance Billed by Your Provider	\$0.00	$\$60.00 - \$38.22 = \$21.78^*$
Your Total Costs	\$7.64	\$37.07

**\*Note:** Out-of-network charges above the plan's maximum eligible expense do not count toward your deductible or out-of-pocket maximum.

## How to Locate PPO Providers

1. Visit [askallegiance.com/smc](https://askallegiance.com/smc)
2. Click on **Find a Provider** and select from the following networks:

If a prescription is needed, your Amwell provider can call it in to the pharmacy of your choice.

Behavioral health visits are also available. # MEDICAL PLAN PROGRAMS

Medical plan members have access to the following programs at **NO COST** through the Sibanye-Stillwater medical plans:

## Care Management Programs

**Included for all EPO members and available to most PPO members.**

If you have a medical condition, preventive gaps in care or diagnosis that qualifies you for the care management program, a Registered Nurse Case Manager will contact you by phone and mail to provide:

- Assistance managing current health conditions
- Extra support to meet personal health goals
- Help with treatment options and health decisions
- Educational material
- Compliance with health care standards for your age and gender
- Getting appropriate care for your condition/diagnosis
- Use of prescribed medications

Each month, you and your enrolled family members may receive targeted mailings reminding you of recommended screenings or general health awareness issues.

Preventive tests and screenings are a very important part of health care that may result in early disease detection. If you are missing any nationally recommended preventive screenings or tests, you and your doctor may be sent a letter to make sure you stay on track with your preventive care.

## Tria Health Pharmacy Advocate Program

Health care and insurance can be quite complex to understand; especially if you have chronic conditions and/or take a lot of medications. Tria Health is a free and confidential benefit that will support you in managing your health, medications and health care budget.

With this benefit, you can talk to a pharmacist over the phone and receive a one-on-one consultation and the customized support you deserve. All recommendations made by Tria pharmacists are coordinated with your physician(s) and your care manager(s).

**Active participants will receive free generics and 50% off select brand medications used to treat targeted chronic conditions. Participants with diabetes will also have free access to a blood glucose meter and testing supplies.**

## Nurse Care Managers

Registered Nurse Care Managers provide support and guidance for members with chronic conditions and/or preventive gaps in care such as mammograms, colonoscopies, diabetic eye exams, annual well visits, etc.

# MEDICAL PLAN PROGRAMS (CONTINUED)

Medical plan members have access to the following programs at **NO COST** through the Sibanye-Stillwater medical plans:

- ✓ Complete the Post Pregnancy Assessment

### FREE GIFT!

If you register within the first or second trimester of your pregnancy, you will receive a **gift and a \$25 gift card** upon completion of the program.

# PREVENTIVE CARE

Our medical plans cover routine preventive care services at 100% — with **NO DEDUCTIBLE OR COPAY** — when you go to an **IN-NETWORK** doctor.

Preventive care benefits include the following routine services: office visits, physical examinations, well-child visits, X-rays and laboratory tests, hearing screening, vision screening\* and all other screenings and preventive services which are recommended and graded A or B by the United States Preventive Services Task Force.

## Preventive Care vs. Diagnostic Care

**Preventive care helps protect you from getting sick.** For example, if your doctor wants you to get a colonoscopy (a test that checks your colon) because of your age or because your family has a history of colon problems, that's called preventive care, and is covered 100% when you see an in-network provider. **Diagnostic care is used to find the cause of existing illnesses.** If your doctor wants you to get a colonoscopy because you're having symptoms of a problem, like pain, that's called diagnostic care and charges will be incurred.

Preventive Care Benefits	EPO & PPO In-Network	PPO Out-of-Network (EPO not covered out-of-network)
<b>Routine Well Care</b> (ages birth through adult)	COVERED 100%	Covered 80%
<b>Breast Cancer Screening, Testing and Counseling</b>	COVERED 100%	Covered 80%

<b>Tobacco Cessation Benefit</b> (including screening, counseling and treatment)	COVERED 100%	Covered 80%
<b>Obesity Screening, Counseling and Treatment</b> (excluding surgery)	COVERED 100%	Covered 80%

*\*A vision screening is not a comprehensive vision exam. It is a relatively short examination that can indicate the presence of a vision problem or a potential vision problem. A vision screening cannot diagnose exactly what is wrong with your eyes; instead, it can indicate that you should make an appointment with an ophthalmologist or optometrist for a more comprehensive eye examination.*

Out-of-Pocket Maximum	\$5,400/Individual and \$10,800/Family Once the annual out-of-pocket maximum is met, prescription drugs are covered 100% for the remainder of the calendar year.	

\*At select participating pharmacies. See Summary Plan Description for further details.

\*\* Generic Policy – Dispense As Written (DAW): If your doctor writes a prescription stating that a generic may be dispensed, the plan will only pay for the generic drug. If you choose to buy the brand-name drug in this situation, you will be required to pay the generic copay plus the difference in cost between the generic and brand-name drug. The Generic Policy does not apply if your doctor requires a brand-name medication.

# PRESCRIPTION PROGRAMS

Prescription coverage under the medical plans may use one or more of the programs below to help ensure your safety and to help you and the plan manage drug costs.

Prescription Programs	
<b>Step Therapy</b>	Certain prescription medications may be subject to step therapy, which means you could be required to try one of the first or second-tier options before certain drugs are covered by the plan.
<b>High Dollar Claim Review</b>	Medications exceeding \$1,000 in cost per 30-day supply (or \$3,000 per 90-day supply) require prior authorization before they will be covered.
<b>Dose Management</b>	Certain prescription medications are covered up to preset limits, based upon standard FDA approved dosing. In some cases, it may be medically necessary for you to exceed the preset limits. In those instances, prior authorization is required.
<b>Quantity Limits</b>	Limits coverage of a particular drug to a specific amount (such as 30 pills a month). Alleviates safety and cost concerns for certain medications by limiting inappropriate drug quantities.
<b>Low Clinical Value</b>	Removes drugs from the formulary that are costly and that often lack proven clinical success compared to other available drugs.
<b>Manufacturer Copay Assistance</b>	Some specialty medications may qualify for third-party copay assistance programs, which could lower your out-of-pocket costs for those products. For any such specialty medication, where third-party copay assistance is used, you will not receive credit toward your deductible or out-of-pocket maximum for any copay or coinsurance amounts that are applied to a manufacturer coupon or rebate.
<b>Prior Authorization and Appeals</b>	<p>Certain prescription medications need to be preapproved before they will be covered. This preapproval process is known as prior authorization. If you do not receive approval for drugs requiring prior authorization, you may pay the full cost of the medication.</p> <p>If a prescription drug claim is wholly or partially denied, you or your authorized representative has the right to appeal the decision. You or your authorized representative may appeal the denial no later than 180 days after receiving notice of an adverse claim decision. Appeals of prescription drug claims are handled by RxBenefits and are decided in accordance with the terms of the plan document. Following a clinical review, one of four actions will occur: the medication is approved, the medication claim is denied, the doctor may decide to withdraw and prescribe a different medication, or the reviewer can dismiss the claim due to lack of communication from the prescriber.</p>
<b>The Appeal Process</b>	<p>If denied, the member may appeal the decision. Upon appeal, a second pharmacist reviewer will evaluate the prior authorization and make a decision (approved/denied). If denied a second time, a final appeal may be made, which is forwarded to an outside medical reviewer. If denied, there are no further appeals.</p> <p>Your doctor may initiate an appeal regarding prior authorization, quantity limit, high dollar claim review or any other rejection process by calling RxBenefits at (800) 334-8134.</p>

# FAMILY & MEDICAL LEAVE ACT

**Sibanye-Stillwater has contracted with Principal / FMLASource to administer the leave process. Employees are eligible to take time off work under the FMLA after completing 12 months of employment and working 1,250 hours (actual hours worked) during the 12 months immediately preceding the commencement of the leave. FMLA entitles eligible employees to take unpaid, job-protected leave for specified family and medical reasons with continuation of group health insurance coverage under the same terms and conditions as if the employee had not taken leave.**

## Reasons for Taking Leave

Eligible employees are entitled to up to 12 weeks of unpaid, job-protected leave:

- To care for the employee's child after birth, or placement for adoption or foster care;
- To care for the employee's spouse, son, daughter or parent who has a serious health condition;
- To address certain qualifying exigencies arising from an employee's spouse, son, daughter or parent on active duty or call to active duty in the National Guard or Reserves in support of a contingency operation;
- For incapacity due to pregnancy, prenatal medical care or post-partum recovery;
- For a serious health condition that makes the employee unable to perform his or her job.

FMLA requires covered employers to provide a special leave entitlement of up to 26 weeks of unpaid, job-protected leave during a single,

12-month period to care for a child, parent, spouse or next of kin who is a covered service member. FMLA leave runs concurrently with Workers' Compensation leave and short-term disability leave. A covered service member is a current member of the Armed Forces (including Guard and Reserves), or a veteran who has been honorably discharged within the past five years, who has a serious injury or illness incurred or aggravated in the line of active duty that may render the service member medically unfit to perform his/her duties for which the service member is undergoing medical treatment, recuperation, or therapy; or is in outpatient status; or is on the temporary disability retired list.

## Employee Responsibilities

Employee must provide 30-days advance notice of the need to take FMLA leave when the need is foreseeable. When 30-days notice is not possible, the employee must provide notice as soon as practicable and generally must comply with an employer's normal call-in procedure.

Employees must provide sufficient information for the employer to determine if the leave may qualify for FMLA protection and the anticipated timing and duration of leave. Sufficient information may include that the employee is unable to perform job functions, the family member is unable to perform daily activities, the need for hospitalization or continuing treatment by a health-care provider, or the circumstances supporting the need for military family leave.

Employees must also inform their employer if the requested leave is for a reason for which FMLA leave was previously taken or certified. Employees may also be required to provide a certification and periodic recertification supporting the need for leave.

## Additional Leave Options

Outside of FMLA, employees may be able to take unpaid leave while continuing group health insurance coverage. Other reasons to take a leave may include: (USERRA) - Military Leave, Jury Duty, Bereavement or Non-FMLA Medical Leave. Please contact Principal / FMLASource to learn more about additional leave options.

## Managing your leave of absence is easier than ever!

To learn more about federal FMLA regulations, other leave options or to begin the process of filing a claim, please contact Principal / FMLASource in one of the following ways:

- Phone: (866) 825-1632
- Email: [LeaveCenter@principal.absencemgmt.com](mailto:LeaveCenter@principal.absencemgmt.com)

# FLEXIBLE SPENDING ACCOUNTS

**Flexible spending accounts (FSAs) are a great way to lower your taxes and increase your take-home pay!** You may participate in two different FSAs administered through Optum Financial — the health care FSA and/or the dependent care FSA. These accounts are separate — you may choose to participate in one or both. You do not have to participate in the Sibanye-Stillwater Health Plan to be eligible for the health care FSA.

## What is a FLEX Spending Account?

A flexible spending account (FSA) is a tax-favored program that lets you set aside money from your paycheck on a **pre-tax** basis to pay for eligible health care and/or dependent care expenses. Because that portion of your income is not taxed, you end up with more money in your pocket!

## Why Should I Participate?

The FSAs can save you up to 15% - 35% in taxes on each dollar that you spend. Also, the dependent care FSA may save you more in taxes than the daycare tax credit (filed with your federal income tax return). If you spend more than \$100 annually on eligible health care and/or dependent care expenses, you might benefit from participating in the FSAs.

Here's an example of how participation in an FSA can save you money:

Example	Estimated Expenses
Estimated Qualifying Expenses	
Health Care	\$1,000
Daycare	\$3,600
Total Annual FSA Election	\$4,600
<b>Total Estimated Annual Tax Savings*</b>	<b>\$1,272</b>

\*Tax savings are estimated based on federal & state tax at 20%, plus Social Security and Medicare.

## How Do FSAs Work?

- 1 Carefully estimate what you'll need for out-of-pocket health care and/or dependent care expenses for the 2023 calendar year (or portion thereof depending on your effective date of coverage), up to the plan limit.
- 2 Your contributions will be deducted from your paycheck in equal installments throughout the 2023 calendar year. To calculate this amount, divide your total estimated expenses by the number of paychecks you'll receive in 2023.
- 3 As you incur eligible health care and/or dependent care expenses throughout the year, submit a claim form and the required documentation to Optum Financial. Your claim will be processed and you will be reimbursed from your account. Your reimbursement checks will be mailed directly to your home address or you may elect Direct Deposit. For health care expenses, you may also use your Optum Financial Debit Card to pay at the point of sale. You will not be paying out of pocket so there's no need to fill out a claim form; however, you must retain all of your receipts to substantiate your purchases.

## How to Submit a Claim

1. Fill out an FSA claim form and attach proper documentation and fax or email it to Optum Financial. [Click here](#) for the claim form and instructions.
2. For health care expenses, use your Optum Financial Debit Card.

## Manage Your FSA Online

Log on to [secure.optumfinancial.com](https://secure.optumfinancial.com) to manage your account(s) and view your account Debit Card activity and balance.

## Use-It-Or-Lose-It!

Since you are allowed to reduce your taxes through your participation in the FSA, certain IRS restrictions apply.

- **Unused funds will NOT be returned to you or carried over to the following year.**
- The health care FSA includes a Grace Period, which is an extended period of time at the end of the year that provides more time for you to use any remaining funds in your account. The Grace Period is two months long (through February of the following year).
- The claims filing deadline for claims incurred in 2023 (including health care claims incurred during the Grace Period) is **April 30, 2024.**

# RETIREMENT – 401(K)

**Simply put, the 401(k) plan is one of the best ways to save for retirement.** You are eligible to participate in the Company's 401(k) Retirement Savings Plan 45 days after the first of the month following date of hire. Saving is made easy by automatic payroll deduction into the investment options of your choice. If no investment choice is made, the election goes into the FlexPath Moderate retirement-age based fund.

- Automatic Enrollment:** To get your retirement savings off to a good start, Sibanye-Stillwater will automatically enroll you in the 401(k) plan at a contribution rate of 6% of your eligible compensation. You have 45 days to opt-out or choose a different contribution rate. To contribute from your bonus wages, you'll need to make a separate "Bonus" election.
- Roth Option:** We also offer a Roth 401(k) option, which allows you to contribute after-tax funds to your account up to the 2023 IRS limit. This means you will not have to pay federal income tax when you withdraw funds in retirement, as long as your contributions remain in the plan for at least five years. You will also benefit from the employer match. **You can use the Roth or traditional pre-tax option for your deferrals – OR a combination of both.**
- After-Tax Option:** In addition to the Roth 401(k) and pre-tax dollar contributions, you can defer after-tax money, up to the 2023 IRS total annual contribution limit of \$66,000. Doing so does not reduce your taxable income, but taxes are deferred on any earnings that the after-tax money makes. Also, the after-tax option is an additional savings vehicle if you've met the annual limit on your traditional or Roth 401(k) contributions and want to save more. Please note the IRS limit includes all of your contributions combined. The employer match does not apply to after-tax contributions.
