

STILLWATER MINING COMPANY BARGAINING UNIT HEALTH PLAN

HIPAA NOTICE OF PRIVACY PRACTICES

THIS NOTICE DESCRIBES HOW MEDICAL INFORMATION ABOUT YOU MAY BE USED AND DISCLOSED AND HOW YOU CAN GET ACCESS TO THIS INFORMATION. PLEASE REVIEW IT CAREFULLY.

This Notice of Privacy Practices describes how the STILLWATER MINING COMPANY BARGAINING UNIT HEALTH PLAN (the “Plan”) may use or disclose your protected health information to carry out payment, treatment, and health care operations, and for other purposes that are permitted or required by law. This Notice also explains the Plan’s legal obligations concerning your PHI, and describes your rights to access, amend and manage your PHI.

Generally, “protected health information,” or “PHI,” is individually identifiable health information, including demographic information, collected from you or created or received by a health care provider, a health plan, your employer, or a health care clearinghouse, from which it is possible to individually identify you and that relates to: (i) your past, present or future physical or mental health or condition; (ii) the provision of health care to you; or (iii) the past, present, or future payment for the provision of health care to you.

This Notice is intended to be consistent with the HIPAA Rules, which are regulations under 45 CFR § 160, Subpart A, and 45 CFR § 164, Subparts A-E, which govern the privacy and security of your PHI. In this Notice, “HIPAA” refers to the Health Insurance Portability and Accountability Act of 1996 and subsequent changes made by the Health Information Technology for Economic and Clinical Health Act.

Contact

If you have any questions about this Notice or the policies and procedures described herein, please contact: Stillwater Mining Company - Benefit Plan Committee, Attn: Privacy Officer, P.O. Box 1330, Columbus, MT, 59019 (406) 322-8930.

Effective Date

This Notice is effective February 16, 2026.

The Plan’s Responsibilities

HIPAA requires the Plan to maintain the privacy and security of your PHI. The law requires the Plan to: provide you with a notice of the Plan’s legal duties and of its privacy practices related to your PHI; abide by the terms of the notice that is currently in effect; and notify you in the event of a breach of your unsecured PHI. This Notice is intended to satisfy those requirements. The Plan reserves the right to change the provisions of this Notice and make the new provisions effective for all PHI that the Plan maintains. If the Plan makes a material change to this Notice, the Plan will make the revised Notice available to you by means of a legally compliant delivery method.

Use and Disclosure of PHI for Payment and Health Care Operations

The Plan may, without your authorization, use and disclose your PHI for all activities that are included within the definitions of “payment” and “health care operations” as set out in the HIPAA Privacy Rule, including.

- *Payment*

The Plan may use or disclose your PHI to determine your eligibility for Plan benefits, to determine benefit responsibility under the Plan, to pay claims for services provided to you, or to otherwise fulfill its responsibilities for coverage and providing benefits. For example, the Plan may disclose your PHI when a medical provider requests information regarding your eligibility for coverage under the Plan, or the Plan may use your PHI to determine whether a treatment you received was medically necessary or was experimental or investigational. The Plan may also disclose your PHI to a utilization review service provider. The Plan may share your PHI with another health plan to coordinate benefit payments.

- *Health Care Operations*

The Plan may use or disclose your PHI to support its business functions. These functions include, but are not limited to: quality assessment and improvement, reviewing provider performance, licensing, stop-loss underwriting, business planning, and business development. For example, the Plan may use or disclose your PHI: (i) to provide you with information about a disease management program; to respond to a customer service inquiry from you; or (ii) in connection with fraud and abuse detection and compliance programs, submitting claims for stop-loss (or excess-loss) coverage, conducting or arranging for medical review, legal services, audit services, and general Plan administrative activities. However, the Plan will not use your genetic information for underwriting purposes. This does not apply to long term care plans.

Other Permissible Uses and Disclosures of PHI

The following describes other possible ways the Plan may use and/or disclose your PHI without your authorization.

- *Disclosures to Plan Sponsor for Plan Administration Purposes*

For the purpose of administering the Plan, the Plan may disclose your PHI to Stillwater Mining Company (the “Plan sponsor”) and employees of Plan sponsor. They may only use or disclose your PHI as necessary to perform plan administration functions or as otherwise required by HIPAA, unless you have authorized further disclosures.

- *Business Associates*

The Plan contracts with individuals and entities (Business Associates) to perform various functions on its behalf or to provide certain types of services. To perform these functions or to provide the services, the Business Associates will receive, create, maintain, use or disclose PHI, but only after

the Business Associate agrees in writing to contract terms designed to appropriately safeguard your information. For example, the Plan may disclose your PHI to a Business Associate to administer claims or to provide member service support, utilization management, subrogation, or pharmacy benefit management.

- *Required by Law*

The Plan may use or disclose your PHI to the extent the law requires the use or disclosure. “Required by law” is defined in the HIPAA Privacy Rule. For example, the Plan may disclose your PHI when required by national security laws or public health disclosure laws.

- *Persons Involved in Your Health Care*

The Plan may in some cases disclose your PHI to a family member, other relative, close personal friend or other person you identify, provided that the PHI is relevant to that person’s involvement with your health care or payment related to your health care. If you are not present or able to agree to these disclosures, the Plan, using its professional judgment, may determine whether the disclosure is in your best interest.

- *Other Covered Entities*

The Plan may use or disclose your PHI to assist health care providers in connection with their treatment or payment activities, or to assist other covered entities in connection with payment activities and certain health care operations. For example, the Plan may disclose your PHI to a health care provider when needed by the provider to render treatment to you, and it may disclose PHI to another covered entity to conduct health care operations in the areas of quality assurance and improvement activities, or accreditation, certification, licensing or credentialing. This also means that the Plan may disclose or share your PHI with insurance carriers in order to coordinate benefits if you or your family members have coverage through another carrier.

- *Treatment Alternatives or Health-Related Benefits and Services*

The Plan may use and disclose your protected health information to send you information about treatment alternatives or other health-related benefits and services that might be of interest to you.

- *Public Health Activities*

The Plan may use or disclose your PHI for public health activities that are permitted or required by law. For example, the Plan may use or disclose information for the purpose of preventing or controlling disease, injury or disability, or the Plan may disclose such information to a public health authority authorized to receive reports of child abuse or neglect. The Plan also may disclose PHI, if directed by a public health authority, to a foreign government agency that is collaborating with the public health authority.

- *Health Oversight Activities*

The Plan may disclose your PHI to a health oversight agency for activities authorized by law, such as: audits; investigations; inspections; licensure or disciplinary actions; or civil, administrative, or criminal proceedings or actions. Oversight agencies seeking this information include government agencies that oversee: (i) the health care system; (ii) government benefit programs; other government regulatory programs; and (iv) compliance with civil rights laws.

- *Abuse or Neglect*

The Plan may disclose your PHI to a government authority that is authorized by law to receive reports of abuse, neglect or domestic violence. Additionally, as required by law, the Plan may disclose to a governmental entity authorized to receive such information, your PHI, if the Plan believes that you have been a victim of abuse, neglect, or domestic violence.

- *Legal Proceedings*

The Plan may disclose your PHI: (i) in the course of any judicial or administrative proceeding; (ii) in response to an order of a court or an administrative tribunal (to the extent such disclosure is expressly authorized); and (iii) in response to a subpoena, a discovery request, or other lawful process, once all administrative requirements of the HIPAA Rules have been met. For example, the Plan may disclose your PHI in response to a subpoena for such information but only after certain conditions of the HIPAA Rules are complied with.

- *Law Enforcement*

Under certain conditions, the Plan may also disclose your PHI to law enforcement officials. Some of the reasons for such a disclosure, for example, may include, but not be limited to: (i) it is required by law; (ii) it is necessary to locate or identify a suspect, fugitive, material witness, or missing person; and (iii) it is necessary to provide evidence of a crime that occurred on the Plan's premises.

- *Coroners, Medical Examiners, Funeral Directors, Organ Donation Organizations*

The Plan may disclose PHI to a coroner or medical examiner for purposes of identifying a deceased person, determining a cause of death, or for the coroner or medical examiner to perform other duties authorized by law. The Plan also may disclose, as authorized by law, information to funeral directors so that they may carry out their duties. Further, the Plan may disclose PHI to organizations that handle organ, eye, or tissue donation and transplantation.

- *Research*

The Plan may disclose your PHI to researchers when an institutional review board or privacy board has: (i) reviewed the research proposal and established protocols to ensure the privacy of the information; and (ii) approved the research.

- *To Prevent a Serious Threat to Health or Safety*

Consistent with applicable federal and state laws, the Plan may disclose your PHI if the Plan believes that the disclosure is necessary to prevent or lessen a serious and imminent threat to the health or safety of a person or the public. The Plan may also disclose PHI if it is necessary for law enforcement to identify or apprehend an individual.

- *Military Activity and National Security, Protective Services*

Under certain conditions, the Plan may disclose your PHI if you are, or were, Armed Forces personnel for activities deemed necessary by appropriate military command authorities. If you are a member of foreign military service, the Plan may disclose, in certain circumstances, your information to the foreign military authority.

- *Inmates*

If you are an inmate of a correctional institution, the Plan may disclose your PHI to the correctional institution or to a law enforcement official for: (i) the institution to provide health care to you; (ii) your health and safety and the health and safety of others; or (iii) the safety and security of the correctional institution.

- *Workers' Compensation*

The Plan may disclose your PHI to comply with workers' compensation laws and other similar programs that provide benefits for work-related injuries or illnesses.

- *Underwriting Purposes*

The Plan may use or disclose your PHI for underwriting purposes, such as to make a determination about a coverage application or request. If the Plan does use or disclose your PHI for underwriting purposes, the Plan is prohibited from using or disclosing in the underwriting process your PHI that is genetic information.

Uses and Disclosures of Your PHI that Require Your Authorization

- *Sale of PHI*

The Plan will request your written authorization before it makes any disclosure that is deemed a sale of your PHI, meaning that the Plan is receiving compensation for disclosing the PHI in this manner.

- *Marketing*

The Plan will request your written authorization to use or disclose your PHI for marketing purposes, subject to limited exceptions, such as when the Plan has face-to-face marketing communications with you or when the Plan provides promotional gifts of nominal value.

- *Psychotherapy Notes*

The Plan will request your written authorization to use or disclose any of your psychotherapy notes that the Plan may have on file, subject to limited exceptions, such as for certain treatment, payment or health care operation functions.

“Part 2” Substance Use Disorder Records

Special rules apply to “Part 2” records, which are records the Plan may receive from a federally assisted program covered by 42 CFR Part 2, which provides diagnosis, treatment, or referral for treatment of substance use disorders. In accordance with your written consent to the Part 2 program, the Plan and its business associates may use and disclose your Part 2 records for purposes of treatment, payment and health care operations. The Plan will not disclose your Part 2 records for the purpose of any civil, criminal, administrative, or legislative proceedings against you, unless the Plan receives your specific written consent, or a court order requiring disclosure according to Part 2 specifications (including notice and an opportunity to be heard). Any use or disclosure related to your Part 2 records that is not described above will be only as expressly permitted by you according to your written consent. You may file a complaint with HHS for a violation of your privacy rights under a Part 2 program (see “Complaints”) below.

Required Disclosures of Your PHI

Below are some disclosures that the Plan is required by law to make.

- *Disclosures to the Secretary of the U.S. Department of Health and Human Services*

The Plan is required to disclose your PHI to the Secretary of the U.S. Department of Health and Human Services when the Secretary is investigating or determining the Plan’s compliance with the HIPAA Privacy Rule.

- *Disclosures to You*

The Plan is required to disclose to you most of your PHI in a “designated record set” when you request access to this information. Generally, a “designated record set” contains medical and billing records as well as other records that are used to make decisions about your health care benefits. The Plan also is required to provide, upon your request, an accounting of most disclosures of your PHI that are for reasons other than payment and health care operations and are not disclosed through a signed authorization.

- *Disclosures to your Personal Representative*

The Plan will disclose your PHI to an individual who is your personal representative within the meaning of the HIPAA Rules. Before the Plan will disclose PHI to such a person, the Plan must receive the documentation that evidences his/her qualification as your personal representative.

The Plan may elect not to treat a person as your personal representative if the Plan has a reasonable belief that: (i) you have been, or may be, subjected to domestic violence, abuse or neglect by such person; (ii) treating such person as your personal representative could endanger you; or (iii) the Plan determines, in the exercise of its professional judgment, that it is not in your best interest to treat the person as your personal representative.

Use or Disclosure Pursuant to your Authorization

Other uses and disclosures of your PHI that are not described above will be made only with your written authorization. If you provide the Plan with such an authorization, you may revoke the authorization in writing, and this revocation will be effective for future uses and disclosures of PHI. However, the revocation will not be effective for information the Plan has already used or disclosed relying on the authorization.

Potential Impact of State Law

The HIPAA Privacy Rule regulations generally do not “preempt” (or take precedence over) state privacy or other applicable laws that provide individuals greater privacy protections. As a result, to the extent state law applies, the privacy laws of a particular state, or other Federal laws, rather than the HIPAA Privacy Rule regulations, might impose a privacy standard under which the Plan will be required to operate. For example, where such laws have been enacted, the Plan will follow more stringent state privacy laws that relate to uses and disclosures of PHI concerning HIV or AIDS, mental health, substance abuse/chemical dependency, genetic testing, reproductive rights, etc.

Your Rights

- *Right to Request Restrictions*

You have the right to request a restriction on the PHI the Plan uses or discloses about you for payment or health care operations. The Plan is not required to agree to any restriction that you may request. If the Plan does agree to the restriction, it will comply with the restriction unless the information is needed to provide you with emergency treatment.

You may request a restriction only by submitting a written request to the designated Contact listed on the first page of this Notice. In your request please provide: (1) the information whose use or disclosure you want to limit; and (2) how you want to limit the use or disclosure of the information.

- *Right to Request Confidential Communications*

If you believe that a disclosure of all or part of your PHI may endanger you, you may request that the Plan communicate with you regarding your information in an alternative form or at an alternative location. For example, you may ask that the Plan only contact you at your work address or through your work e-mail.

You may request a restriction only by submitting your written request to the designated Contact

listed on the first page of this Notice. In your request please explain: (1) that you want the Plan to communicate your PHI with you in an alternative manner or at an alternative location; and (2) that the disclosure of all or part of the PHI in a manner inconsistent with your instructions would put you in danger.

The Plan will accommodate a request for confidential communications that is reasonable, or if you state that the disclosure of all or part of your PHI could endanger you. As permitted by the HIPAA Privacy Rule, “reasonableness” will include, when appropriate, making alternate arrangements regarding payment.

Accordingly, if your request includes a request for alternate arrangements for payment, you must provide information concerning how payment will be handled. For example, if you submit a claim for payment, state or federal law (or the Plan’s own contractual obligations) may require that the Plan disclose certain financial claim information to the plan participant (e.g., an Explanation of Benefits or “EOB”). Unless you have made other payment arrangements, the EOB (in which your PHI might be included) may be released to the plan participant.

Once the Plan receives all of the information for such a request (along with instructions for handling future communications) the request will be processed as soon as practicable. Prior to receiving the information necessary for this request, or during the time it takes to process it, PHI might be disclosed (such as through an EOB). Therefore, it is extremely important that you contact the designated Contact listed on the first page of this Notice as soon as you determine that you need to restrict disclosures of your PHI.

If you terminate your request for confidential communications, the restriction will be removed for all of your PHI the Plan holds, including PHI that was previously protected.

- *Right to Inspect and Copy*

You have the right to inspect and copy your PHI that is contained in a “designated record set.” Generally, a designated record set contains medical and billing records as well as other records that are used to make decision about your health care benefits. However, you may not inspect or copy psychotherapy notes or certain other information that may be contained in a designated record set.

To inspect and copy your PHI that is contained in a designated record set, you must submit your written request to the designated Contact listed on the first page of this Notice. If you request a copy of the information, the Plan may charge a fee for the costs of copying, mailing, or other supplies associated with your request. The requested information will be provided within thirty (30) days if the information is maintained on site or within sixty (60) days if the information is maintained offsite. A single thirty (30) day extension is allowed if the Plan is unable to comply with this deadline.

The Plan may deny your request to inspect and copy in certain limited circumstances. If you are denied access to your information, you may request that the denial be reviewed. To request a review, you must contact the designated Contact listed on the first page of this Notice. A licensed

health care professional chosen by the Plan will review your request and the denial. The person performing this review will not be the same one who denied your initial request. Under certain conditions, the denial will not be reviewable. If this event occurs, the Plan will inform you of this fact.

- *Right to Amend*

If you believe the PHI the Plan has for you is inaccurate or incomplete, you may request that it be amended.

You may request that the Plan amend your information only by submitting your written request to the designated Contact listed on the first page of this Notice. Your request should include the reason the amendment is necessary. The Plan has sixty (60) days after the request is made to act on the request. A single thirty (30) day extension is allowed if the Plan is unable to comply with this deadline.

In certain cases, the Plan may deny your request for an amendment. For example, the Plan may deny your request if the information you want to amend is not maintained by the Plan, but by another entity or if the Plan determines that your information is accurate and complete. If the Plan denies your request you have the right to file a statement of disagreement with the Plan. Your statement of disagreement will be linked with the disputed information and all future disclosures of the disputed information will include your statement.

- *Right to Accounting*

You have a right to an accounting of certain disclosures of your PHI that are for reasons other than treatment, payment or health care operations. No accounting of disclosures is required for disclosures made pursuant to your (or your personal representative's) authorization.

You may request an accounting only by submitting your request in writing to the designated Contact listed on the first page of this Notice. If the accounting cannot be provided within sixty (60) days, an additional thirty (30) days is allowed if a written statement explaining the reasons for the delay is provided. Your request may be for disclosures made up to six (6) years before the date of your request but not for disclosures made before April 14, 2003. If you request more than one accounting within a twelve (12) month period, the Plan will charge you the reasonable costs of providing the accounting. The Plan will notify you of the cost involved and you may choose to withdraw or modify your request before any costs are incurred.

- *Right to a Copy of This Notice*

You have the right to request a copy of this Notice at any time by contacting the designated Contact listed on the first page of this Notice. If you receive this Notice on the Plan's Website or by electronic mail, you are entitled to request a paper copy of this Notice.

CHANGES TO THIS NOTICE

The Plan reserves the right to change this Notice and make any revised Notice effective for health information already on file for you, as well as any health information the Plan receives in the future. The most recent Notice will be posted in a prominent location to which you have access.

COMPLAINTS

If you believe the Plan has violated your privacy rights you may file a complaint with the Plan at the designated Contact listed on the first page of this Notice. A copy of a complaint form is available from the designated Contact listed on the first page of this Notice.

You may also file a complaint with the Secretary of the U.S. Department of Health and Human Services. Complaints filed directly with the Secretary must: (1) be in writing; (2) contain the name of the entity you are complaining about; (3) describe the relevant problems; and (4) be filed within 180 days of the time you became or should have become aware of the problem. Complaints may be filed by mail, fax, email or by using the Department's online portal located at <https://ocrportal.hhs.gov/ocr/smartscreen/main.jsf>

The Plan will not penalize or retaliate against you in any way for filing a complaint.
